June 2021

## PRESIDENTS MESSAGE

After many months the Board of County Commissioners has recently approved our traffic agreement. That means that starting shortly the Palm Beach County sheriffs deputies will begin patrolling our streets on a routine basis.

Although we will not be having formal Board meetings over the summer, please be assured that your Board continues to value your comments and suggestions and encourages you to feel free to contact us via the website or emails or by phone, if you have questions or concerns about your community.

Hope you all have a wonderful and safe summer.

## NEW ARC REQUIREMENTS

Aberdeen ARB has changed the format of ARC Approvals. You may send only 1 copy if you submit it to our ARC by e-mail. If you choose to deliver it in person with a paper copy you will need 2 copies. The Electronic copy / paper copy may be sent to

edkatz1136@gmail.com / 7338 Brunswick Cir.  
cccohen65@gmail.com / 7254 Brunswick Cir.

## BOARD MEETINGS

There will not be Board meetings during the summer months of June, July and August. We will resume in September and hopefully be able to have live meetings at the Boynton Beach Rec Center or the Jog Rd Library .

## NEIGHBORHOOD DISPUTES

In every Community that you have a neighborhood, you have some neighbors who act differently than others. At times this leads to disputes. If you and your neighbor cannot work it out please do not contact the Board. There is nothing we can do to resolve these types of issues. You must call the police. Our Community is in District 6 and our Palm Beach County Police (PBSO) Police office is located at 7894 Jog Rd. with the phone number 561-688-4860.

## PBSO TO PATROL BRISTOL LAKES

Our request was finally approved. We will have the security of the Palm Beach Sheriffs Office to schedule regular visits to our Community. They will be looking for Parking violations, speeding, and all the items that help us stay secure. They will be able to write tickets.

## ON LINE PHONE DIRECTORY

Our Directory along with all at Aberdeen is now listed on their web site [www.aberdeenpoa.com/poa-directory/](http://www.aberdeenpoa.com/poa-directory/). That brings you to the sign in page. At the Search Entries box type in bristolakes, the password is Directory2019!

This will bring you to our Phone Directory. If your number is not correct please send a note to [www.bristollakesfl@aol.com](mailto:www.bristollakesfl@aol.com).

## DO NOT FEED THE DUCKS

There have been sightings of Muscovy ducks around our lakes. Please do not feed these or any type of animal that may be looking for food. ( Rabbits, Squirres, Iguanas, ETC.)

If your dog cannot pick it up,  
please give it a hand

## CREATE A HURRICAN PREPARDNESS PLAN

Take advantage of the upcoming 10-day disaster preparedness tax free holiday from May 28 to June 6.

- Make sure you have all the supplies you need like water, batteries, canned foods, and medications for a minimum of 7 days.
- Charge your smartphone. You will need it for updates during the storm if you lose power.
- Hold a family meeting to discuss your hurricane preparedness plans. Have a plan for pets or anyone with special needs living in your home.
- Call out-of-town friends and family to let them know where you plan to stay during the storm.
- Make note of nearby shelters. Do not hesitate to go to a shelter if you live in an evacuation zone or don't feel secure in your home.
- Secure your home appropriately and safeguard important documents.
- Document assets for insurance purposes and understand your insurance policies.

Regardless of where you live in Florida stay aware of your surroundings and be ready to act when your sheriff and other local officials issue orders. Social distancing and other CDC guidelines to keep you safe may continue to impact your disaster preparedness plan this year. This could include what is in your go-kit, evacuation routes, shelters, and more.

## MONTHLY SCHEDULE BRISTOL LAKES JUNE 2021

SUBJECT TO CHANGE DUE TO WEATHER

## CAPITOL CONTRIBUTION PLAN

The results of the Capital Contributions questionnaire last month are in. Most residents who replied thought the \$1500 was much too high. There was an even split on charging it altogether. Your Board has tabled it for now and will do more research on it for future meetings.

## CONGRATULATIONS GRADS 2021

Although the last year has been hard, you have prevailed and now you are graduating. We all here at Bristol Lakes wish you the best of luck and hope your future is successful.

## WATER USAGE

To keep Aberdeen green, the Aberdeen POA pays for almost 1 million gallons of reclaimed water, per day, to keep our lakes high enough to irrigate the lawns.

Happy  
First Day  
of Summer

## IGUANAS

Bristol Lakes HOA has an Iguana Trapper contracted for this year. We seek his involvement in catching these destructive animals when we feel it is the best time. (Hot Sunny days for a 3 day period) Please help us by filling out an Iguana Sightings on our website [www.bristollakes.com](http://www.bristollakes.com) When we collect enough sightings we will deploy the trapper.
