

Bristol Lakes Bulletin January

JANUARY BOARD MEETING VIA ZOOM

January Board meeting will be on Tuesday January 23 2022. More details will be sent out before the meeting.

ELECTION

In mid January you will be receiving a form to be filled out if you wish to run for a position on Bristol Lakes HOA Board. Please consider running for one of the 5 positions. You will be receiving a letter in early January that you can check your desire to run. You may also call Lisa Teets at Campbell Management.

In mid February you will receive a ballot by mail. It is important that you fill it out and send it back or give it to any current Board member. Please do so as we need 33% of our residents to cast votes. Without your vote we would need to have another election until we receive the 30%.

The results will be counted and announced at the March Board meeting.

LANDSCAPING SCHEDULE FOR JANUARY 2022

I will have this from Bugaway early this week

Holiday Recycling and Waste Tips for Palm Beach County Residents

Holiday Collection, New Year's Day

New Year's Day (Saturday, Jan. 1, 2022) will not affect your scheduled garbage, recycling, yard waste and bulk waste collection services in unincorporated Palm Beach County. All material should be at the curb on New Year's Day by 6 a.m. as collection service may be much earlier than normal.

Residents in unincorporated Palm Beach County can always see their updated collection schedule, set reminders, and sign up for collection information by clicking the "My Pick-Up Days" button at SWA.org.

County residents living in one of Palm Beach County's 39 municipalities should contact their municipality directly for their holiday collection schedule. A list of municipal contacts can be found online.

LANDSCAPING AND OUR GRASS

We have had many complaints from our residents on the looks of our lawns. We had a serious weed problem and Bugaway covered our lawns with weed killer and it worked and killed the weeds, however when the weeds dies they left large bare spots. Bugaway has put down seed, and will do it again this month. In areas where the seed does not sprout they will replace it with sod. We should have normal looking lawns soon.

ALWAYS PICK UP AFTER YOUR PETS

We love our fur-babies pets, but Lake Worth Water Drainage district residents are reminded to always pickup their pets waste. Pet waste is seemingly a small source of pollution but over time it can add up and can adversely affect our water and human health. We appreciate your help.

IGUANA MASTERS WILL BE HERE

Iguana Masters (Our Trapper) will be on our property late the week of January 7 or the beginning of the next week If you have Iguanas on or near your property please fill out a sighting report on our web site www.bristollakes.com and go to the residents page.

Bristol Lakes Bulletin January 2022

IMPORTANT INFORMATION REGARDING YOUR WATER FROM PBCWUD

In order to deliver quality water to our customers, Palm Beach County Water Utility's (PBCWUD) requires periodic line flushing and temporary treatment disinfection process are routine and an industry best practice as an industry best practice as a industry best practice as a precautionary measure to maintain the water quality.

From January 6 through January 26, 2022 PBCWUD will be using free chlorine as opposed to chloramine for water treatment, This is only a temporary and the water will be safe to drink.

AS one of our customers you may notice your water has a slight variation in taste or smell during this period. If you are especially sensitive to this change, keep an open container of drinking water refrigerated for a few hours allowing the chlorine to dissipate.

Users of home dialysis machines, owners of tropical fish and managers of stores and restaurants with fish and shell fish holding tanks are advised to seek professional guidance for removing chlorine residuals. Anyone needing more information on this temporary change is advised to call PBCWUD at 561-740-4600, and select option #1
